The artist
dot by dot
paintbrush breathes life,
imagination captured
Story told
unfolding in viewers mind.

This place
This church,
dot by dot
creating over time
3D art mirroring life,
Story told
over time
in relationships,
Love connections.

Patina of years
Layers deepen
each dot, each brushstroke,
mirroring reflections,
glimpses of the image
of God.

We are God's
picture,
individual hues
Blending, composing.

So jump
into the paint, the painting
Enjoy being His creation,
sing His colours,
connected to create
connected to bless
Connected to portray
experiences of Gods love.
