

Worship

Be engulfed, enfused
In this eternal love,
In a world of
shifting sands
Running hour-glasses,
Tell of the everlasting...
His love

The greatest reason to worship,
His cross love
The greatest reason to worship,
His forgiveness personified
The greatest reason to worship,
His resurrection power love
The greatest reason to worship.

He waits
Arms open wide,
Universe creator.

We come in worship
Giving in voice, thoughts;
glory to the One
Holy is He,
Precious, "the Great I Am"
Wonderful Redeemer
Living loving God.
